

Powered by Relationships

Air handling units; packaged rooftops; evaporative condensing chillers and rooftops; packaged pump systems; **water-source heat pumps now in stock at Trumbull Campbell warehouse**

Custom air handling units and heat transfer package solutions

Displacement ventilation chilled beams; custom sheet metal accessories for terminal devices

Custom air handling solutions including built-on-site replacement units

Electronic Air Purification Systems

Total environmental desiccant dehumidification solutions

Commercial air handling units

Water and air-cooled chillers; free cooling Turbocor, screw and scroll compressors; condensing units

Ductless systems (DFS) and variable refrigerant flow (VRF) systems

Integrated noise and vibration solutions

Airflow and pressure measurement controls; fan array controls

Indoor pool dehumidification systems

Humidity and temperature control for indoor grow rooms

Compact, efficient energy recovery units; classroom and school sound sensitive unit ventilators

Commercial packaged rooftops; air handling units and condensing units

DOAS, MUA, exhaust fans and kitchen ventilation
