

Powered by Relationships

Air handling units; packaged rooftops; evaporative condensing chillers and rooftops; split systems; packaged pump systems; **water-source heat pumps in stock locally**

Air handlers and fan coils

Humidity and temperature control for indoor grow rooms

UV cleaning systems; UV germicidal light fixtures for HVAC; lamps and equipment coating

Indoor air purification; bipolar ionization system

State of the art air cleaning technologies

Custom air handling units and heat transfer package solutions

Steam distribution, immersed electrode, and gas-fired to steam humidifiers including all controls

Displacement ventilation chilled beams; custom sheet metal accessories for terminal devices

Compact, efficient energy recovery units.

Custom air handling solutions including built-on-site replacement units

Commercial air handling units

Total environmental desiccant dehumidification solutions

Water and air-cooled chillers; free cooling Turbocor, screw and scroll compressors; condensing units

Commercial and light commercial split systems and packaged rooftop units

Variable refrigerant flow (VRF) solutions for commercial and light commercial applications

Airflow and pressure measurement controls; fan array controls

Integrated noise and vibration solutions

Indoor pool dehumidification systems

Commercial and industrial dehumidifier systems

Classroom and school sound sensitive units ventilation.

Commercial packaged rooftops; air handling units and condensing units

DOAS, MUA, exhaust fans and kitchen ventilation

Modular packaged all-indoor and light commercial heating and air conditioning systems, horizontal and vertical; air-cooled, water-cooled, chilled water, heat pumps and DOAS
