

Powered by Relationships

Air handling units; packaged rooftops; evaporative condensing chillers and rooftops; split systems; packaged pump systems; **water-source heat pumps in stock locally**

Air handlers and fan coils

UV cleaning systems; UV germicidal light fixtures for HVAC; lamps and equipment coating

Indoor air purification; bipolar ionization system

Displacement ventilation chilled beams; custom sheet metal accessories for terminal devices

Custom air handling units and heat transfer package solutions

Custom air handling solutions including built-on-site replacement units

Total environmental desiccant dehumidification solutions

Commercial air handling units

Water and air-cooled chillers; free cooling Turbocor, screw and scroll compressors; condensing units

Commercial and light commercial split systems and packaged rooftop units

Variable refrigerant flow (VRF) solutions for commercial and light commercial applications

Integrated noise and vibration solutions

Airflow and pressure measurement controls; fan array controls

Indoor pool dehumidification systems

Humidity and temperature control for indoor grow rooms

Compact, efficient energy recovery units; classroom and school sound sensitive units

DOAS, MUA, exhaust fans and kitchen ventilation

Commercial packaged rooftops; air handling units and condensing units

Modular packaged all-indoor and light commercial heating and air conditioning systems, horizontal and vertical; air-cooled, water-cooled, chilled water, heat pumps and DOAS
